ZOO AT A GLANCE
2016 has been a bustling year! We saw the renovation of the historic Rhino Barn, the completion of new seating at the Gertrude C Ford Wildlife Theater, the birth of endangered Fishing cats, and added some fun new events (22q at the Zoo and Pokemon GO!) to our line-up. There were also some challenges, but that’s life in the wild world of a nearly 100-year-old zoo.

Of course, that’s what makes landmarks so special: they continue to stand regardless of the elements they face, be they time or weather, or both. The Jackson Zoo is considered an icon in the city of Jackson, as it now does in the state of Mississippi as well. It was started by firefighters in 1919 on a foundation of community, and we continue to take an active role in the local landscape, as well as engaging with the international zoo community.

The mission of the Jackson Zoo is to provide visitors with a quality recreational and educational environment dedicated to wildlife care and conservation. From the staff, to the donors, to all of our volunteers, the people of the Jackson Zoo endeavor to protect and raise awareness of all the creatures that share our amazing world.

Every day, our goal is to achieve the highest standards of animal care and the best quality experience for our guests, with respect to the responsibility of being a Mississippi landmark. I hope you enjoy this look at all we have to celebrate at and about the Jackson Zoo.

VETERINARY STUDENT MENTORING

Almost 100 students worked with Dr. Michael Holifield and Vet Tech Donna Todd to develop a better understanding of real world animal care. Senior MS State Vet students, as well as students from Hinds Community College, Millsaps, Jackson State, University of MS, North Carolina State, put in almost 770 volunteer hours reviewing cases, treatment of illnesses, routine exams, emergency procedures, and weekly care.

CONSERVATION

CHANGE FOR CHANGE

Along with .25 from every admission sold, there is also a pinball machine and collection boxes that visitors can use to “vote” for their favorite conservation cause.

Tigers (won 50%)
Red Wolf Coalition (won 25%)
Raptor Rehab (won 15%)
Ape TAG (won 10%)

COMMUNITY OUTREACH

Party for the Planet brought other conservation-minded organizations to the Jackson Zoo to help promote “Reduce Reuse Recycle” with Madison Avenue Elementary 5th Graders: Entergy, Entergy Solutions, MS Public Broadcasting, Grand Gulf Nuclear, MS Museum of Natural Science, and MS Department of Environmental Quality. Tent and table were set up at various Fondren First Thursdays for info and awareness in the community.

TOTAL RAISED $14,412.24
The general public was invited to join staff for two conservation presentations. In November, Dr. Gabriella Flacke from University of Western Australia paid a visit to the Pygmy hippos to continue her research on the elusive, nocturnal animals. Animal Care staff has been participating in the study for several years, and she discussed the latest culmination of her research.

In January, Brian Badger, Operations Manager for the Cheetah Conservation Fund stopped in during his visit to the US with a talk about “Dogs and Cats,” a program in Namibia that helps farmers deal with predators without hunting. Donations in the amount of $400 were raised for the cause.

RAPTOR REHAB assisted with the care of 94 injured or orphaned migratory birds, including Screech owls, Great Horned owls, Barn owls, Barred owls, Red-tailed hawks, Red-shouldered hawks, Cooper’s hawks, Sharp-skinned hawks, Broad-winged hawks, Mississippi kites, Black vultures, Turkey vultures, Great Blue herons, Wood ducks, Northern Gannett, and Bald eagles. Galloway United Methodist Church Summer Mission Youth volunteers cleaned and renovated the 30 year old flight cage for continued use.

Approximately 51% of birds of prey rescued by the program have been re-released back into their habitat, transferred to other facilities for further care, or are still recovering.

Zoo employees also assisted Tom Mann (MS Natural Science Museum) with the BUCKET BRIGADE project, which monitors salamander population throughout the year and assists amphibians crossing the Natchez Trace during heavy rains.

THE AMERICAN ASSOCIATION OF ZOO KEEPERS
The Jackson Zoo welcomes the American Association of Zoo Keepers - The Jackson Chapter to do fundraising for their awareness and conservation projects on and off grounds during special events. Through tables set up at various times during the year, the keepers can sell items or take donations.
